(Commentary from the Board of Directors)

April Membership Meeting Program: "Flounder Fishing the Chesapeake"

Captain Neil Renouf will present a program on fishing for flounder in the Chesapeake Bay. Neil is a licensed charter captain and guides on the Chesapeake, the James River and other fresh waters within the Commonwealth. He has produced video guides featuring how to fish Briery Creek Lake, Lake Moomaw and the James River. He is a partner in Eberly's Store that features deli food, antiques and fishing tackle. This store, set up to look like where your grandfather would buy fishing supplies, is located on Route 5, four (4) miles east of Interstate 295. Take a look at www.eberlystore.com and learn more about our speaker and his offerings to the angling community.

Virginia Anglers Club Website Fund Approaching Goal

Treasurer Clif Williams announced at the April BOD meeting that the VAC WEB SITE FUND is at 90% of the \$1800 goal. Only \$165 is needed to reach the goal that funds the web site for the entire 2008 angling year. The Board of Directors thanks those members who have shown their belief in the importance of the VAC website and have made donations to date.

Rob Choi Voted into Membership in the VAC

Rob Choi was voted into membership in the VAC at the March Membership Meeting. Rob has gotten active on the James and has posted reports on the web site. If you have not made yourself known to Rob, please do so the next time you see him. Rob's first sponsor was Bob Shepherd.

As of the April BOD Meeting, dues have been received from 77 paying members and 14 non-paying members are staying on (Life, Honorary and Complimentary members pay no dues). A final reminder will go out those 12 paying members who have not brought their dues up to date. Recipients of the reminder who do not renew their membership will no longer receive The Angler and have their web site "member's area" entry privileges cancelled. No Entry Cards submitted between March 1st and the date of receipt of membership renewal dues will be honored for catch credit.

CATCHY COMMENTS

By Buddy Noland

It's been an interesting month with the weather changes. We had it all from cold to hot with plenty of rain and wind.

On the *Saltwater* side, **Toney Horsley**, won a Bonefish Tournament in Islamorada, Florida with a 9.4 pound and 11.8 pound Bonefish to highlight the month. You can read more about his accomplishment on the VAC website.

Shad is the story on the *Freshwater* scene. **Mickey Kodroff** and **Jim Sheffield** have been fishing the Tar River in N.C. with success with the American Shad on spin and fly. **Mickey** has the largest American this year with a 3-10 on 4# spin for 217 points which also gives him the lead for the "American Shad Release Cup" with 6 total releases. **Mickey** also set a Club Record on 6# fly with a 3-0 American for 179 points. **Jeff Doughty** is slightly behind with 5 American releases with his largest being a 3-8 on 2# spin for 280 points.

Danny Noland, **Dean Winstead** and **Jeff Doughty** have been wearing out the Hickories and Americans on the Nottoway recently on plug, spin, and fly, until the recent rains raised the water level too high and stained to fish. **Dean** caught the Lunker leader Hickory with a 2-5 on 4 spin for 220 points. I've gotten more than 20 entries from the Nottoway River alone. **Jeff** and **Dean** had several days where every cast was a Hickory. The by-catch has **Dean** leading the Bowfin with a 2-11 fish on 4# spin.

The boats have been numerous under the James River Bridge and the pollen is thick which means the "Shad have arrived" just in time for the VAC Shad Tournament! Lots of entry cards have been turned in with the specie leader now being

Fred Cousins with a 2-0 Hickory on 2# Fly for 285 points from the James. **Scott Johnston's** best is a 1-10 Hickory on 2# fly for 232 points and a 0-10 White Perch on 2# fly for 208 points. This is a great fishery to take a child fishing and compete for the Youth Awards. There are three age categories, 0-6,7-12, and 13-17, for Salt and Freshwater.

Larry Allen had the highest point catch since the last membership meeting. Using a spinner bait at a private pond in Caroline County, **Larry** landed a 6-8 pound Largemouth Bass on 2# spin worth 433 points. Nice catch!

Not really sure what happened at Lake Moomaw several weeks ago, with **Jeff, Dean, Danny** and **Ricky Dale**. I only got bits and pieces since I was out of town on vacation myself. But they all fished the Lake on Saturday and were supposed to meet a fishing guide for Yellow Perch on Sunday. **Danny** topped his previous Smallmouth entry with a 3-0 on 2# Fly for 375 points that Saturday which was the only card from all four of them. Early Sunday morning, the fishing guide is patiently waiting, nice and dry, at the Lake Moomaw boat ramp when he gets a phone call from **Jeff** that "the guys needed to cancel the trip because they were "iced in" on the other side of the mountain" where they were staying overnight. Must have been the only motel parking lot in the country that got "sleet" and "ice" that morning. It was 84 degrees where I was staying. I hope it's not another Brokeback Mountain thing!

My apology to **Parks Rountrey** for overlooking his Yellow Perch entry last month. Parks now takes the lead in the Freshwater Plug Division with his 1-0 Yellow Perch on 2# plug for 263 points.

Take care

Tony Horsley Wins Islamorada All-tackle Spring Bonefish Tournament.
