### October Membership Meeting:

Tuesday, October 27th, 2009 at 7:00 PM

#### Skilligalee Restaurant

Glenside Ave, just North of Broad Street  
Come ~ 5:30 PM and enjoy good company  
over dinner from the menu

## BACKLASH

*(Commentary from the Board of Directors)*

### OCTOBER MEETING PROGRAM END-OF-SEASON OUTBOARD MOTOR MAINTENANCE

Sorry, boys, but 2009 fishing may be coming to an end for some of us. That leaves us with the final task of performing end-of-season maintenance on our trusty outboard engines. At the November Membership Meeting, VAC Member Bob Brown, Sr. will be sharing his vast knowledge of outboard care as it relates to preparing the old two or four stroke for its winter nap. You can be sure that Bob has right information that will make the initial start of our outboards a joy next spring vs. being a very frustrating experience and, perhaps, a visit to our favorite marine service center. Don't blame Bob if you have to drop your rig off next spring at Ed's Marine because you

missed Bob's presentation. Lots of time will be available for questions about all outboard matters.

### NOVEMBER MEETING PROGRAM THE BIG ONE THAT DID NOT GET AWAY

Remember VAC Member Jim Sheffield's spectacular catch of a 50-9 pound striped bass on 2# Ande that was worth 1011 points near year end last year? In November, Jim will be giving us the yard-by-yard account of his fighting and landing this spectacular catch. Bruce Henderson will be on hand to give colorful comments and voracity to Jim's talk.

### ANGLING FOR SPECKLED TROUT YOU HEARD IT ALL IN SEPTEMBER

VAC Members Larry Allen (weigh master) and Wilson Nobles gave a very interesting and informative program about angling for speckled trout at the September Membership Meeting. Speaking entirely from experience, Wilson and Larry presented places, techniques and tidal information that would maximize the chances for a hookup. The Virginia Anglers Club thanks Larry and Wilson for offering to share their knowledge and experience as speckled trout anglers.

*BACKLASH continued on Page 2...*

BACKLASH continued from Page 1.

## **RULES COMMITTEE MET OCTOBER 20<sup>TH</sup>**

Late each Angling Year the Angling Rules Committee meets to review any suggested changes to the Angling Rules of the VAC. This year's meeting was held on October 20<sup>th</sup> and the resulting changes will be reviewed and approved by the Directors at the November BOD meeting. Once approved, any new changes will go into effect on December 1, 2009 for the 2010 Angling Year. This year the ARC considered (1) entry of fish without any points and (2) if any fish caught in waters not available to all VAC members and entered should be recognized as a legitimate entry. This year new VAC member Billy Nicar added his extensive experience and knowledge to the Rules Committee as its newest member. The ARC is chaired by Stuart Lee and is rounded out by members Bill DuVal, Danny and Buddy Noland, Glenn Carter and Scott Johnston.

## **CALL ISSUED FOR 2010 TOURNAMENT IDEAS**

The VAC Leadership Team want to have the 2010 tournament schedule filled with tournaments that will be challenging fun and well attended. Tournament Chairman Parks Rountrey is rounding up ideas for next year's tournaments and wants to hear from you. Please give Parks any tournament ideas which you have or have heard others speak about. You can contact Parks at prountrey@comcast.net or at (804)-349-6001 [C].

## **INTERAGENCY OCEANS POLICY TASK FORCE IS WORTH WATCHING**

The White House created an Interagency Oceans Policy Task Force in June and gave them only 90 days to develop a comprehensive federal policy for all U.S. coastal, ocean and Great Lakes waters. The implications of this Task Force being the sole source of fishing management and regulations in the US are scary. See more information elsewhere in this issue of *The Angler*.

## **NEW MEMBER'S MEMBERSHIP KIT ESTABLISHED**

At the October Board of Director's Meeting, the Board Members present voted to develop and start giving a "Membership Kit" to each new member when they are voted into membership. See information elsewhere in this edition of *The Angler* for details.

## **THIS MONTHS WEB-SITE HOW TO – WHO CAN VIEW / USE VAC WEB SITE FEATURES**

Website viewing Information is presented elsewhere in this edition of the Angler with the intent to let all newsletter readers increase their understanding of the web site. Please make an effort to make

more use of this great offering by the Virginia Anglers Club. There is a wealth of information there, including your ability to call up information in many useful formats of all of the catches which you have submitted on entry cards.

## **2009 ANGLING YEAR AWARDS BANQUET JANUARY 23, 2010**

The Awards Banquet at which the 2009 Angling Year Awards will be presented will be held Saturday, January 23, 2010 at the Skilligalee Restaurant. Please note this on your 2010 appointment calendar now. The price, yet to be set, will be lower than last year's banquet price. More details will come as they are developed in future copies of the Angler.

## **VAC WEBSITE "FOR SALE" INFORMATION NOW ON HOME PAGE**

"For Sale" information is now visible all anyone visiting the website. However, entering "for sale" information will be restricted to members who have requested and received registration from Webmaster Johnny Wetlaufer. A member with posting privilege can still post a "for sale" item belonging to a known friend or of interest to club members.

## **VAC REPRESENTED AT DGIF ADVISORY GROUP MEETING**

On October 9<sup>th</sup>, Bob Duncan, Executive Director of the DGIF, made a presentation to representatives of 29 organizations who make use of one or more of the DGIF's managed physical facilities and make use of the DGIF's informational, regulatory or law enforcement services. VAC Member John Wetlaufer, Sr. represented the VAC. Also in attendance were VAC members Robert Thomas who represented the Fly Fishers of Virginia and Gary Martel, DGIF Director of Fisheries, who participated in the presentation. Most of the meeting was spent advising the attendees of changes in the structure and responsibilities of the management team of the DGIF and the introduction of new personnel such as Mark Koch, the new Chief Operating Officer. In a couple of weeks, John should have a written summary of the meeting available for the Leadership Team and interested members. The consensus of the attendees was that the formation of the Director's Advisory Group was a worthwhile undertaking and some real good can come from such a group. John will keep the VAC abreast of the work of the Advisory Group as it comes into a working reality.

For the Leadership Team

John Wetlaufer, Sr., Director

## CATCHY COMMENTS

by Buddy Nolan

With the fall fish migration in full swing, literally hundreds of small Spotted Seatrout have been caught recently by club members. Near the end of September, **Larry Allen** had a 4-8 on 4# spin for the largest Spec during that month. In October, the majority of the fish were a lot smaller.

**Kenny Dale** has been catching Seatrout in the Piankatank River on fly, along with some Strippers and Puppy Drum. **Matt Balazik** and **Bob Brown** were fishing with **Parks Rountrey** at Rudy Inlet and caught 62 Specs, none of which were over 12 inches long. **Eddie Johnston** and **Fred Cousins** fished the York River and released over 100 of the small Trout. Even though his number of catches weren't as great, **Vick Skakandy** out shined them all with a 5-12 Spotted Seatrout on 4# spin, fishing a Gulp bait at Poquoson Flats.

**Scott Johnston** has been fly fishing in both fresh and saltwater over the past month. From a private pond, **Scott** landed a 3-10 Largemouth Bass on 8# fly using a clouser. I guess that is not too unusual though, **Scott** fishes his hand-tied clousers for every species! Several trips to the Piankatank River produced a "club record" 5-2 pound Red Drum for the 6# fly category worth 102 points. **Scott's** 8 ounce Spot on 4# fly for 172 points will take the "species lead" and also the "largest" for the year. Try catching a Spot on a fly, it's not easy!

**Rob Choi** beat his last Sheepshead "species leader" with a 6-3 pound on 6# general for 169 points. **Rob** was using a fiddler crab for bait while fishing in Lynnhaven Inlet.

Near the end of September, **Mike Ostrander** was fishing the New River and caught a Smallmouth that has topped his old "club record" and strengthened the "species lead" as well. **Mike** was using a live bait on 6# line and landed a 5-1 pound Smallmouth Bass for 231 points. Several weeks later, **Mike** caught a 7-2 pound Largemouth Bass at Taylor's Pond on 6# spin for 285 points. Several nice entries!

**Ryan Noland** chartered **Captain Mike Ostrander** for some Flathead Catfish last week. Fishing the Pony Pasture, **Ryan** said he saw numerous huge flatheads swimming in the clear water under the boat. Using live bait, **Ryan** had several entries with his best being a 24-0 on 8# line for 246 points.

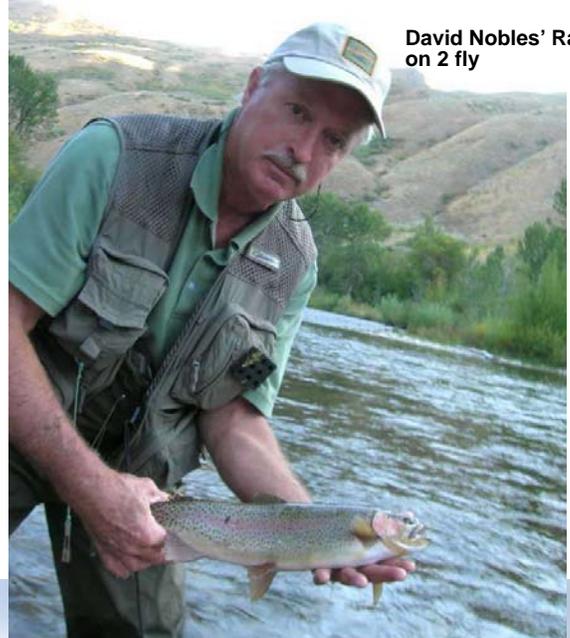

Back to the Spotted Seatrout, a member reported that some fish with enlarged bellies were found dead on the flats in Currituck Sound several weeks ago. When their full stomachs were opened by marine scientists, Gulp baits were found that evidently could not be passed or digested by the fish. I am sure we will be hearing more about this issue in the future. In the mean time, a good practice will be to dispose of the Gulp baits properly and not discard them overboard.

Good fishing,

Buddy

Mike Ostrander with a beautiful 5-1 Smallmouth

David Nobles' Rainbow on 2 fly

Scott Johnston's Carp on fly

09.29.2009

Vic Skakandy's tournament winning 5-14 Speckled Trout

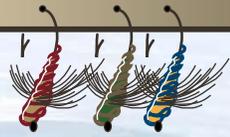

Rob Choi's 6-3 Sheephead

Parks Rountrey and Matt Balazik's tournament Speckled Trout

Nice Spanish Mackerel caught by Parks Rountrey

### **BEWARE OF THE NEW INTERAGENCY OCEANS POLICY TASK FORCE**

A recently published administration document outlines a structure that could result in closures of sport fishing in salt and freshwater areas across America. The White House created an Interagency Oceans Policy Task Force in June and gave them only 90 days to develop a comprehensive federal policy for all U.S. coastal, ocean and Great Lakes waters. Under the guise of 'protecting' these areas, the current second phase of the Task Force direction is to develop zoning which may permanently close vast areas of fishing waters nationwide. This is to be completed by December 9, 2009. For more information on this Task Force, check out the link: [www.whitehouse.gov/oceans](http://www.whitehouse.gov/oceans).

Some more thought provoking commentary on this subject can be read at: [www.gatewaypundit.blogspot.com/2009/10/obama-white-house-continues-its-Attack.html](http://www.gatewaypundit.blogspot.com/2009/10/obama-white-house-continues-its-Attack.html), the source for the introductory remarks above. We all have a stake in this Task Force's work and need to watch it carefully.

### **VIRGINIA BOATER SAFETY EDUCATION REQUIREMENT**

The General Assembly has passed legislation mandating formal training for motor boat operators. This requirement will be phased in over the coming years. If you want to view the information available at the moment, please see [www.dgif.virginia.gov/boating](http://www.dgif.virginia.gov/boating) for details of this program. There is plenty of time to get ready for the time you will need to have an operator's document.

### **LEADERSHIP TEAM MEMBER NOMINATIONS NEEDED**

Now is the time for us to start thinking about nominating candidates membership on the Leadership Team. Self nomination is encouraged as well as nomination of fellow members. Nominations for Officers, Directors and Committee Chairmen are going to be needed in about one month. Except for directorships (3 years), the term of an officer or a committee chairman is one year (Feb. thru Jan). The Leadership Team meets on the second Tuesday of each month. The VAC does not happen automatically but needs a committed Leadership Team to keep the programs moving along smoothly. Please support your club by volunteering your (or other's) time to be part of the Leadership Team. Nominations may be given to President Vic Skakandy ([vic.skakandy@mww.com](mailto:vic.skakandy@mww.com)) or to any Director.

### **GREENTOP SPORTING GOODS HUNTING & FISHING WORTH A LOOK**

Members of GreenTop Sporting Goods staff are sharing their extensive hunting and fishing information on a newly established blog on the internet. Check out the link <http://blog.greentophuntfish.com/> and take a look for yourself.

### **LAST FEW DGIF CALENDARS AVAILABLE AT OCTOBER MEETING**

The last 10 DGIF Outdoor Calendars will be available at the October Membership Meeting. Special Activities Chairman Don West advises that the rest of the 250 calendars we purchase to sell have been sold.

## VIEWING AND POSTING ON THE VAC WEBSITE

[www.virginiaanglersclub.org](http://www.virginiaanglersclub.org)

There are two basic groups who can view and use various parts of the Virginia Anglers Club website....anyone who logs on (VAC members or non-members) and those people who are registered. Anyone who logs on immediately sees the VAC home page. However, there are restrictions in what parts of the home page non-registered viewers can see and use. Registered viewers can view all parts of the home page as well as enter the “members only” section where some information such as the current VAC roster, basic weights, VAC records, etc. is available. To be registered, all a VAC member has to contact Webmaster Johnny Wetlaufer ([Johnny@wetlaufer.com](mailto:Johnny@wetlaufer.com)) and request registration.

The intent of registration is to keep website information viewed and comment adding ability limited to club members where appropriate. For instance, having the current roster (in the “members only” section) available to all viewers could lead to misuse of phone number and e-mail and home address information that would result in a pile of spam in e-mail and unwanted junk mail or other contact. The web master has the approval of the Board of Directors to make sure requests for registration are valid in terms of membership in the VAC. The registration process is easy...just let Johnny know and you will be registered.

Now let’s look at some specifics about the “forums” section of the website. The “forums” section is where information is shared, both as information entered and as comments added about the information entered by others. The “forums” section of the home page has some parts that are viewable by all comers and has some parts that are viewable only by registered members, who may also enter comments or information (e.g.: items for sale).

If you ever have a question about the website, please contact Johnny for help. All information about the Virginia Anglers Club is posted on the VAC website. Being registered and, therefore, having access to all of this information, will enhance your membership experience in the Virginia Anglers Club.

## NEW MEMBER KIT DETAILS

A New Member “Kit” will be available to VAC members joining during the 2008 and 2009 Angling Years. A three-binder will be developed that will contain hard copies of VAC By-Laws, Angling Rules and the like. Any future revisions to these documents will come with the standard yearly update by electronic documents. A certificate will also be presented that will give each new member a one-time \$10.00 credit toward the purchase of anything currently in inventory, on order for inventory or available as a special order item thru the Country Store.

A copy of the complete binder will be given to VAC members joining December 1, 2007 thru the present time. A certificate and VAC sticker will be given to new members joining since December 1, 2008. Storekeeper Eddy Johnston is working to find a source for silk screening a design on the face of the binders as well as printing the insertions. New members joining within the dates noted will be notified when the “kit” is available.

## Tournament News

### Virginia / North Carolina Speckled Trout: October 10-11

A bit breezy on Sat but all in all a nice weekend with some good catches.  
Participants: (8) Vic, Parks, Bob Brown, Matt Balazik, Larry Allen, Wilson Nobles, Lynn Spurlin

speck - points

Larry Allen 3-12 on 4 spin = 187 pts (wins \$40 Greentop Giftcard!)

Parks Rountrey 2-6 on 2 spin = 158 pts

speck - weight

Vic Skakandy 5-12 (wins a pewter Jefferson Cup)

Larry Allen 4-14

Matt Balazik 1-5

### Saltwater Tournament

#### Angler of the Year Final Results:

Saltwater Weight

Vic Skakandy = 9 pts (wins a pewter Jefferson Cup)

Saltwater Points – final 4 way tie

Mike Cline = 3 pts

Larry Allen = 3 pts

Fred Cousins = 3 pts

Jim Sheffield = 3 pts

### Freshwater Tournament

#### Angler of the year - As of 10/13/09

Freshwater Weight – standings after two events

Rob Choi = 6 pts

Parks Rountrey = 4 pts

Mike Cline = 3 pts

Freshwater Points – standings after two events

Stuart Lee = 6 points

Bob Brown = 4 pts

Mike Cline = 3 pts

Final Tourney of the angling year will be  
the James River Blue Catfish: November 14-15  
(blow date November 21-22)
