FEBRUARY PROGRAM – FLY FISHING THE SOUTH RIVER

The 2014 Membership Meeting speakers will start off with Tommy Lawhorne sharing his 20 years experience fishing for trout and small mouth bass in the South River and other waters near Waynesboro, VA. Tommy is co-owner of The South River Fly Shop in Waynesboro which is stocked with items to suit the needs of any fly fisherman of any level of skill or interest. For a complete bio on Tommy, please turn to page 6 of this issue of The Angler.

**FORGET THE SPECK IN
NORTH CAROLINA**

The commercial and recreational speckled trout fishery in North Carolina has been closed. Keep this in mind when fishing in our sister state to the south.

**ASMFC SETS SUMMER
FLOUNDER REGS
FOR VIRGINIA**

The Atlantic States Marine Fisheries Commission has set the length limit for Summer Founders at 16" and the daily creel limit (possession) of 4 fish per angler.

**NEXT TOURNAMENT – VA/NC YELLOW PERCH
MARCH 8TH AND 9TH
(Blow Date The Following Weekend)**

We shake off the dust from the rods and tackle this year with the Annual VA/NC Yellow Perch Tournament. If it looks like the Blow Date Option needs to be exercised, please confirm with Lee Rothgeb. Complete Tournament details are found on page 10 of this issue of The Angler.

If you would like to explore a career in merchandizing and want to take over the Country Store from Eddy, please see Eddy or Bob Brown. If you don't want to take over the Store but would do it anyway, see the same two guys. It seems by now Eddy has spent a career trying to retire. The Member(s) taking over the Store will receive the coveted Eternal Gratitude Award from Eddy.

**GOT ANY IDEAS FOR A NEW LOCATION FOR THE
ANNUAL BANQUET?**

The Leadership Team is always open for any suggestion from the Membership for any change felt useful for the Virginia Anglers Club. If you have any suggestions of an alternate location for the VAC Annual Awards Banquet, please pass them along to Banquet Chairman Gary Green. Contact Gary at (804)-955-9290 [C] or ospray4950@yahoolcom. If Gary's phone is busy, please leave a descriptive voice mail or ask for a call back.

**SCALE CERTIFICATION AVAILABLE
AT FEBRUARY MEETING**

The Annual Scale Certification required for Members wishing to weigh for submission catch entries during the 2014 Angling Year will be made at the February 25 VAC Membership Meeting. Weighmasters Ryan and Danny Noland and Larry Allen will be doing certifications during the meeting. A similar session will be held during the March Membership Meeting also.

**COUNTRY STORE IS OPEN AT FEBRUARY MEM-
BERSHIP MEETING**

Country Storekeeper Eddy Johnston will have the Country Store open at the February Membership Meeting. Be sure to stock up on VAC gear for the coming fishing season. The Country Store is open on even numbered months, so the Store will be shuttered at the March Membership Meeting.

Remember the following scale preparation pointers:

- Be sure your scales are operating freely and free of rust.
- Clean the outside of the barrel so certification stickers will adhere
- Gather your scales together in one or two Zip Lock type bags.
- Write your name on the outside of the bag.
- Leave your bagged scales on the certification team's table (just inside the entry door to the meeting room).

ANNUAL AWARDS BANQUET - LUCKY FOR SOME

A smaller-than-usual group of Members of the VAC and their guest met at Sam Miller's Restaurant in the Shockoe Bottom on Saturday evening, January 25th. Thanks to the organizational skills of first time Banquet Chairman Gary Green, the banquet went off without a hitch, in spite of the fact that Gary and wife Karen were unexpectedly summoned to North Carolina and could not attend the Banquet.

The Luck of the Irish must have been with Bob and Leah O'Shepherd who, between them, won BOTH the Bill Gallasch and the Capt. Ronnie Sides shadow boxes. As far as can be determined, this was the first time in memory that both boxes went to the same family. Lane Duck President Glenn Carter took home the coveted Gyotaku framed print of a red drum created by Rob Choi. Fred Murray was the final winner taking the rod and reel combo generously donated by Green Top. The Raffle returned \$314 to the VAC General Fund. Thanks to all who participated.

Although fewer than normal number of awards was presented for the 2013 Angling Year, there were, none the less, some significant accomplishments recognized at the Awards Banquet. Leading the pack was Fred Cousins (now retired and fishing whenever he wants to) took four of the five more prestigious awards. Fred took all three of the

Angler of the Year Awards for angling accomplishments in the 2013 Angling Year as follows: 2013 Overall Angler of the Year (1453 total points), the 2013 Saltwater Angler of the Year Award (1033 total points) and the Freshwater Angler of the Year Award (420 total points). Fred also claimed the 2013 President's Award for Saltwater. The 2013 President's Award for Fresh Water was awarded to Mike Cline. Incoming President Bob Brown claimed the C.V. Kinnard Angler of the Year Award for accumulating 1397 points for entries in the Angler of the Month Award during 2013.

For a complete listing of awards for the 2013 Angling Year and the related catch, please turn to page 8 of this issue of The Angler.

**A REMINDER - MEMBERS MUST SUBMIT INDIVIDUAL REQUESTS
FOR MAJOR VAC AWARDS**

The task of tracking, collecting and submitting catch data qualifying a Member for Division Experts, Angler Ratings, and all Angler Of The Year Awards is the individual responsibility of each Member of the VAC. The Angling Rules Committee does not perform this function. The annual weight and points Species awards are based on cards submitted as are the Division and President Awards and the Angling Rules Committee takes care of awarding these awards.

When you have caught all of the fish necessary to qualify for and wish to be recognized for the above underlined awards, please enter the qualifying catch data on the form titled "Angler Entry Sheet" printable from the Angling Rules Section of the VAC Web Site. Be sure to indicate for which award that catch data is submitted. Submit the completed form to the Angling Rules Committee, Stuart Lee Chairman.

The Angling Rules Committee will verify your submission and, once certified, will forward the data provided to the member of the Angling Rules Committee who is responsible for preparing the annual or individual awards for presentation at the Annual Awards Banquet.

WOULD YOU LIKE A BEER WITH YOUR DINNER?

With the closing of the Skilligalee, the VAC lost a very fine venue that offered meal and beverage service before and during the BOD and Membership Meetings for 8 years. The Leadership Team is very aware that the membership would be best served by again meeting at a venue where meal and beverage service is available to all. A search is already active to that end. Location is among the features being considered to be sure the venues discussed are reasonably accessible to Members.

Director Fred Cousins has made a survey of some of the notable venues in the Richmond area and reported his findings to the BOD. Some places reported have been eliminated due to high room and food and beverage service charges and, in one case, the room suitable for VAC meeting was already engaged on Tuesday evenings.

The Leadership Team will visit meeting places that look like they would be good candidates for VAC meetings by holding Board of Directors' meetings at these places. A sampling of the food and beverage service offered is included in the visits. The Leadership Team wants to be sure any commitment to hold VAC meetings at a new venue will be a lasting one and will serve the needs of the membership of the VAC.

Please let Fred Cousins know of any suggested meeting place that you know that has a meeting room and food and beverage service, preferably from a menu. Contact Fred at (804)-740-3238 [H] or cousinsf1@verizon.net.

"Catchy Comments"

By Billy Nicari

Well the new fishing year is upon us... Mother Nature has greeted us with an unusually cold start to the 2014 angling year coupled with an almost weekly coating of snow. And, yet, there are a few anglers who have capitalized on their opportunities to post some great catches early in the 2014 angling year.

Kicking things off for 2014 was Fred Cousins' entry for a 4 pound, 9 ounce spotted seatrout that he landed on 4# spinning tackle while fishing the Elizabeth River on the 6th of December. This fine catch will earn Fred 228 points. December 14th found Karen Anderson, once again, fishing with Capt. Art Conway on his home waters of Chickahominy Lake. Karen was fishing a live minnow on 8# line when she hooked and boated a 2 pound, 13 ounce chain pickerel. This catch earns her 108 points, as well as, the top spot for "Heaviest" and "Highest Points" for the species. Way to go, Karen! While chucking flies December 18th on the York River, Andrew Campbell hooked into one of the very few quality striped bass that I have heard of landed this season. The 34 pound, 7 ounce striped bass fell victim to a Half-n-Half fly fished on 20# tippet. This fish will earn Andrew 286 point, the title of "Heaviest" and "Highest Points" for the species, the "Saltwater Fly Division" leader, as well as, a new club record. Great catch, Andrew! Fred Cousins was fishing the Elizabeth River on December 20th when he landed this next super catch. An 8 pound, 4 ounce spotted seatrout found itself attached to the opposite end of Fred's 2# spinning tackle. This seatrout, worth 550 points earns the top as "Highest Points" for the species and the "Saltwater Spin Division" leader. Great catch, Fred! Not to be outdone by Fred, Larry Allen landed a monster 8 pound, 12 ounce spotted seatrout on January 25th using 8# spinning tackle. This Elizabeth River trophy earns Larry 291 points and the title of "Heaviest" for the species. Superb fish, Larry! On February 6th Bob Brown and Gary Green were fishing the James River with Capt. Mike Ostrander when Gary caught his first catfish ever. Gary was fishing cut bait on 6# line when he hooked into a beautiful 34 pound blue catfish. Gary's catfish is worth 319 points and will take the lead as "Heaviest" and "Highest Points" for the species and will be the current "Freshwater General Division" leader. Great catch, Gary. Keep it up! Bob Brown landed a 22 pound blue catfish on 4# tackle just a few minutes before Gary landed his catfish. This fish will earn Bob 234

points for his fine catch. Nice fish, Bob! Again, we have an entry from the Elizabeth River courtesy of Fred Cousins. On February 9th Fred was fishing 2# plug tackle when he hooked and landed a 6 pound, 6 ounce red drum. This drum will earn Fred 159 points, the "Heaviest" and "Highest Points" for the species, as well as, "Saltwater Plug Division" leader. Way to go, Fred!

Please let me know if you have any fun, exciting, informational, or scary fish tales from your recent trips out. I would love to include them in future newsletters. Any recent fishing reports or conditions would be greatly appreciated as well. I can be contacted via phone, email, or text. My contact info is listed below. As always, tight lines and best fishes!

PLEASE PAY YOUR 2014 DUES PROMPTLY

**(RENEWALS NOT RECEIVED BY 3/1/14
WILL BE CONSIDERED IN ARREARS)**

Your annual dues are due as of December 1, 2013. Members living in Virginia owe \$60 and all other paying Members owe \$40. No dues are collected from Life, Honorary and Complimentary Members (receive The Angler but are not VAC members). Dues can be paid by cash or check presented to Treasurer Bobby Broughton. Payment by PayPal can be made in the Member's Area of the VAC website. Payment by mail can be made at:

Virginia Anglers Club
P. O. Box 31494
Richmond, VA 23294-1494

Note: If you have no plans to renew our VAC Membership, please let Treasurer Bobby Broughton (brbroughton@gmail.com) or Membership Chairman John Wetlaufer, Sr. (jlwsr@rcn.com) know your intention not to renew. This will save the Leadership Team a lot of unnecessary work. Thanks.

FEBRUARY PROGRAM – FLY FISHING THE SOUTH RIVER

By Art Conway – Program Co-chairman

On Tuesday February 25 we will hear from Tommy Lawhorne on fly fishing for trout and smallmouth in the South River near Waynesboro and in other nearby spots. Tommy grew up in nearby Nelson County and moved to Waynesboro in 1992. He grew up fishing Stony Creek, Tye River, Rockfish River, and the Moormans River. He began guiding and teaching fly fishing and fly tying in 1990 while working at Stoney Creek Tackle Company at Wintergreen and then later for Hasset's Outdoors in Waynesboro. Tommy has spent over 20 years learning the trout and smallmouth bass waters of Virginia and loves to share that knowledge with other fly fishers. South River Fly Shop co-owners Tommy Lawhorne and Kevin Little met while fly fishing the South River in downtown Waynesboro in 2001. Over the following 10 years they dreamed of opening a fly shop on Main Street and had many long conversations about just what they wanted the store to be. Tommy and Kevin wanted a comfortable atmosphere with products and services that focused on fly fishing. In their opinion, too many fly shops had become high end clothing stores and did not have the items that fly fishers and fly tiers needed. The South River Fly Shop is the culmination of that dream, a fly shop with a country store atmosphere and gear to suite every level of interest in fly fishing and fly tying. The shop is located at 317 West Main Street, Waynesboro, VA 22980, phone 540-942-5566. Tommy can be reached by email at Tommy@southriverflyshop.com and the shop website is at <http://southriverflyshop.com>.

GENERAL ASSEMBLY BILLS OF LIKELY INTEREST TO ANGLERS

Here is a synopsis of two bills of interest to VAC Members as posted on the website (<http://www.dgif.virginia.gov/legislation/>) on which the Virginia Department of Game and Inland Fisheries lists bills in the current General Assembly that impact the mission of the DGIF.

Last July, the VAC hosted Beau Beasley, a noted Jackson River guide, who spoke to the VAC on the latest information on the property rights issues for the Jackson River. SB 629 and HB 375 are related to the issue of subaquatic land ownership issues on the Jackson River. With no further action on these two Bill, the judge's decision supporting the "Kings Grant" ownership of certain land owners along the Jackson River still stands.

First Bill

SB 629 Navigation on certain waters; liability of persons recreationally floating upon certain waters.

Introduced by: David W. Marsden I

SUMMARY AS INTRODUCED: Navigation on certain waters. Provides that no person who is recreationally floating upon certain waters in a non-motorized vessel shall be liable for civil or criminal trespass. The bill provides that existing ownership rights in real property shall remain unchanged.
