NEXT TOURNAMENT

BERNIE SKYDANEK MEMORIAL EASTERN
SHORE VA SURF
RED & BLACK DRUM MAY 10-11

The next tournament, the annual Bernie Skydane Memorial Eastern Shore VA Surf Red and Black Drum, will take Club Members and Guests over to the Eastern Shore of Virginia. The May issue of The Angler will come out after the date of the tournament, so this April Issue of The Angler is the only issue in which the tournament details will be presented. Please turn to page 9 for tournament details.

LAST CALL FOR AT MEETING
SCALE CERTIFICATION

The April Membership Meeting will be the last Membership Meeting at which the Scale Certification Team (Ryan and Danny Noland and Larry Allen) will set up at a meeting to certify scales this year. All future certifications will be by appointment only. To request an appointment for scale certification, please contact:

Contact Ryan at: ryan.n.noland@usa.dupont.com or (804)-658-1955 (H) (894)-896-4178)

Contact Danny at: danny.n.noland-1@usa.dupont.com or (804)-514-0650 (H) 383-3736 (O)

Ryan or Danny will work out a mutually agreeable date, time and location to meet you to certify your scales. Grouping a number of member's scales for special certification is always appreciated.

COUNTRY STORE AT APRIL MEETING UNDER
NEW MANAGEMENT

The VAC Country Store will be open at the April Membership Meeting under the management of Joe Lovasz, Sr. and Jr. Joe and Joe graciously came forward to relieve 20 year veteran Storekeeper Eddy Johnston whose day job has increased its grip on Eddy. At the moment the standard inventory items offered for sale are the same standard items as available in the past. The Joes are anxious to hear any idea from Members for a new item(s) to add to the inventory.

HOW ABOUT A FLOAT TRIP FOR KAYAKS, CANOES
AND JON BOATS THIS SUMMER ON
THE UPPER JAMES RIVER?

(By Steve Knox – 1st. Co-VP)

The VAC is planning a club float fishing trip on a Saturday in June or July. The trip will be a one day float for kayaks, canoes, and jon boats, along the James somewhere upstream of Richmond. Steve Knox, Program Co-Chair, has volunteered to organize and coordinate the event. It will be family oriented and non-member guests are welcome as well.

Steve's goal is to put together a fun, relaxed trip for the entire club, with no competitive pressure.

If you would like to go, but don't have a suitable boat, send Steve an email and he'll try to find you a ride. Also, if you have a boat you are willing to lend, let Steve know as well. He is also open to suggestions about put-in and take-out locations, as he has little experience with that part of the river. His email address is sknox@knoxmarine.com. Steve will put together some sort of shuttle plan. Any ideas for a shuttle plan will be appreciated.

This trip will be plain old, day long, fun drift fishing thru some of Virginia's finest smallmouth bass fishing.

DGIF WADE FISHING WORKSHOPS FOR FLATHEADS OFFERED AGAIN THIS JULY

The Virginia Department of Game and Inland Fisheries will again hold their popular Wade Fishing For Flathead Catfish workshops this coming July. Four of the instructors are members of the Virginia Anglers Club; Mike Ostrander, Lee Rothgeb, David “Sarge” Brayman and Billy Nicari. Please turn to page 7 of this issue of The Angler for more details. Many VAC Members attended a session of this workshop last year. Early registration is important for these popular days of instructional fishing.

MEETING PLACE SUGGESTIONS REQUESTED

The Leadership Team is very aware that the membership would be best served by again meeting at a venue where meal and beverage service is available to all. A search is already active to that end. Location is among the features being considered to be sure the venues discussed are located in a place reasonably accessible to Members.

Please let Director Fred Cousins know of any suggested meeting place that you know that has a sufficiently large meeting room and food and beverage service, preferably from a menu. Contact Fred at (804)-740-3238 [H] or cousinsf1@verizon.net.

“Catchy Comments”

By Billy Nicar

It seems that freshwater is currently the place to be. The shad are running strong in tidal rivers and the striper have followed, largemouth and smallmouth bass are looking to spawn very soon, crappie have moved shallow, and the catfish are plumping up for their spawn as well. Whew! It is a good time to be a freshwater angler. But, something stirs in the briny depths. In just the past few days I have heard reports of puppy drum at Rudee Inlet, tautog on the CBBT and surrounding wrecks, as well as a few flounder having been caught. So wipe the dust off those saltwater rods and get ready for some action because things are about to break loose.

We will kick things off with Jay Blankenship this month. His first entry was for a 4, 10 ounce largemouth bass that he caught on March 16th while fishing Randolph Lake. This bass is worth 231 points for Jay landing it using 6# fly tackle. Jay's second fish was a 2 pound, 6 ounce hickory shad landed on March 21st while fishing 6# fly tackle in the James River. This giant shad will earn Jay 239 points for the catch. Jay's third entry was for a 3 pound, 14 ounce largemouth bass that he landed using 6# fly tackle while fishing Ash Lake on March 22nd. This catch will earn Jay 193 points. Great catches, Jay! Our next entry comes from Karen Anderson. On April 8th Karen was fishing a shad spoon on 6# spinning Tackle in the James River when she landed a 1 pound, 4 ounce hickory shad worth 101 point. Congrats, Karen! Bob Brown managed to make it to the James River on April 5th to take advantage of a little shad action. Bob's 1 pound, 12 ounce hickory shad was landed using a shad dart tied to 2# spinning tackle and earns Bob 198 points. Nice fish, Bob! Andrew Campbell found himself hooked up to a bruiser of a shad while fishing the James River on March 18th. Andrew's 2 pound, 12 ounce hickory shad was boated using 6# fly tackle and earns him 277 points and the title of “Heaviest” for the species. On March 29th Andrew caught a 20 pound, 0 ounce blue catfish from the James River on cut shad fished on 20# tackle. This blue cat is worth 103 points. Great fish, Andrew! A 6 pound, 8 ounce largemouth bass was Glen Carter's first catch entry for the month. Glen was fishing a jig-n-pig in a private pond on March 12th when he hooked into the big ol' bass. Glen landed the bass using 12# plug tackle earning him 162 points for the catch and the “Heaviest” for the species. Glen had such a good day on March 12th that he decided to sneak back in to the pond on April 1st. On this day Glen caught a largemouth bass that would earn him the title of “Highest Points” for the species and 262 points. This 5 pound, 4 ounce specimen bit a spinnerbait fished on 4# plug tackle. Question... Should the club require photographs of fish submitted for entry if the date of catch is April 1st? Hmm... Just kidding! Nice catches, Glen! Fred Cousins joined in on the shad fun. While fishing 2# fly tackle on March 27th Fred caught another of the unusually large hickory shad that have been landed this

Bob Brown - 1-12 Hickory on 2spin

Karen Rountrey - Crappie at Taylor's Pond

season. Fred’s hickory shad is worth 321 points and earns him the title of “Highest Points” for the species, “Fly Division” leader, and 1st place for the “Angler of the Month” competition at the March meeting. Great job, Fred! Eddie Johnston is officially on the board for the year with a 2 pound, 13 ounce chain pickerel worth 281 points. Eddie was fishing a jig on 2# spinning tackle in Chickahominy River on March 8th to catch the pickerel. This earns Eddie the title of “Highest Points” for the species. Nice fish, Eddie! Last, but not least, we have Stuart Lee’s entries. Stuart spent a little time down south in Guatemala, and just happened to fish a little while there. On March 13th Stuart landed a pacific sailfish on 20# fly tackle. Unable to officially weigh the fish, Stuart used the release weight which earns him 500 points. About an hour after catching his sailfish, Stuart boated a 25 pound, 0 ounce dolphin on 20# fly tackle. The dolphin catch is worth 147 points and earns Stuart a new “Club Record”. Stuart’s final entry for the month is for a monster hickory shad caught on March 24th from the James River. Stuart’s 2 pound, 7 ounce hickory shad bit a fly tied onto 8# fly tackle and earns him 215 points for the catch. Great fish, Stuart!

Please let me know if you have any fun, exciting, informational, or scary fish tales from your recent trips out. I would love to include them in future newsletters. Any recent fishing reports or conditions would be greatly appreciated as well. I can be contacted via phone, email, or text. My contact info is listed below. As always, tight lines and best fishes!

**APRIL PROGRAM - CAPT. GARY DUBIEL
FISHING FOR DRUM WITH LIGHT TACKLE**

A little background on Gary. He runs a year round light tackle and fly fishing guide service in North Carolina, fishing Oriental, New Bern and the Crystal Coast. In addition to his many other fisheries, he developed a light tackle artificial lure and fly fishery for adult red drum on the Neuse River and Pamlico Sound. He has been guiding for 15 years and have had numerous speaking engagements. Gary will be giving the VAC a presentation on his red drum techniques for both fly and light tackle. Gary is sure some of what our Members will learn can be applied to fishing in the Chesapeake Bay. He will incorporate both a Power Point and hands on presentation at the April Membership Meeting.

Gary offers VAC members a \$50 discount on bookings for his giant red drum trips for 2014 (July into October). He also can arrange a multi-boat charter for red drum out of Oriental. He currently has a very large group originating from Richmond that is returning for their 3rd season. He can accommodate 21 anglers with 6 additional guides that work with him on these types of trips. Typically, Gary would fish 4.5 hours in the morning, take a lunch break, then fish 4.5 hours in the afternoon. Day 2 can either be another full day or 5 hour half day. Trip cost per angler including tip for 1 1/2 days would be \$450 or two full days \$600 based on 3 anglers per bay boat. Fishing licenses are also covered. He can help customers with room reservations as well. Everyone should have multiple drum over 40 inches during the trip! You can contact Gary at (252)-249-1520 or www.specfever.com.

MAY MEMBERSHIP MEETING MOVES TO MAYMONT

The Virginia Anglers Club's May Membership Meeting will again move to The Maymont Nature Center for the Annual Fish Fry. Member-caught fish will be featured and will be lovingly prepared by Buddy, Danny and Ryan Noland, Billy Nicar, Jeff (the king of hush puppies) and Angie Doughty.

Menu: Fried fish, French fries, slaw, and hush puppies (from Jeff Doughty's secret, down home Dinwiddie recipe), soft drinks, water and beer.

Start lining up (or catching) some of your fish to bring along (thawed out, please). Thanks again to Fred Murray for making arrangements for us to meet at this very attractive and weather tolerant venue. This year we meet under a brand new tent.

A (fish) head count is needed to help with the planning for beer and food purchases. If you are bring some fish or planning to attend, please let Buddy or Danny know how much fish and how many family members or guests will be attending with you.

Buddy: noland47@aol.com H (804) 530-3668 C (804) 691-0615

Danny: noland47@aol.com H (804) 530-3668 C (804) 691-0615

Set up and tear down help is welcome. If you can arrive a little early and stay a few minutes after the Fry ends, that would be great. We avoid the set up/tear down fee from Maymont by doing this work ourselves.

*** PLEASE NOTE: PEANUT OIL IS USED FOR ALL FRYING ***

This is a great meeting to which to bring family and friends that may or may not be interested in becoming a member. The Annual Casting Contest returns for the amusement of all.

A donation of \$10 is suggested to cover the cost of the food, beverages and rent.

DETAILS – DGIF FLATHEAD WORKSHOP – JULY 22ND & 31ST
(By Lee Rothgeb)

VA DGIF will be presenting two workshops on how to fish for Flathead Catfish. These workshops teach the fundamentals of wade fishing for Flatheads. This is a great opportunity to get out and learn how to catch this species. The Virginia Anglers Club will have four of our members as guest instructors for the course; Lee Rothgeb, David “Sarge” Brayman, Billy Nicar, and Lead Instructor Mike Ostrander. The class is an all-day event at Pony Pasture park on the James River. For those interested, please visit the VA DGIF website or contact Chris Dunnivant with the Outdoor Education Program. The classes will be held on July 22 and July 31. Chris can be reached at Chris.Dunnivant@dgif.virginia.gov. Several members of the VAC have attended this in the past and I can personally attest to how great this class is because it is what got me hooked on catching Flatheads. Hope to see some familiar faces there.

TROUT IN THE CLASSROOM
KIDS RAISE TROT FROM EGGS TO FINGERLINGS
(From a recent edition of The Outdoor Report)

The Virginia Trout In The Classroom (TIC) program is wrapping up another successful year with 220 classrooms in Virginia raising trout from the egg stage through the fingerling stage. After raising their trout for the past few months, schools all over Virginia are starting to release their baby fish. Most schools release their trout in April and May in streams that have been approved by Virginia Department of Game and Inland Fisheries biologists. The young trout will range from 1/1/2 inches to as much as 3-4 inches long, depending on how many survived and how much food they ate.

Most schools raise Brook trout; however a few raise Rainbows and Browns. All eggs are provided by VDGIF, and the fish are raised in 55 gallon aquariums equipped with special chilling units that keep the water cool and comfortable for trout. Much of the success of the program is due to the efforts of volunteers from 13 chapters of Trout Unlimited. Trout Unlimited chapters help fund the programs and provide technical assistance to teachers. At the start of the school year, TU members help set up tanks and distribute trout eggs, during the year they trouble shoot aquarium problems, and in the spring they coordinate release activities. Teachers interested in starting TIC programs in their schools next year should contact the Virginia TIC Coordinator Chuck Hoysa at chuck.hoysa@dgif.virginia.gov.

NEXT TOURNAMENT

BERNIE SKYDANEK MEMORIAL EASTERN SHORE

VA SURF RED & BLACK DRUM

MAY 10TH AND 11TH, 2014

(TIDES HIGH @ 6:00 AM & PM) (BLOW DATE MAY 25TH AND 26TH – 2 WEEKS LATER)

Although this was a near blow-out last year, don't miss the tournament this year. Our tourney date is near peak of the spring drum migration. You should have waders, a fairly shallow draft boat (or ride with a fellow member) and be prepared for a long hike after anchoring your boat in shallow water behind a barrier island. Contact tournament guide Bob Shepherd before the 10th to confirm your participation and also to check if weather or surf conditions are questionable and may lead to a blow.

Times: Sun-up Saturday to Sundown Sunday

Location: Barrier Islands of Virginia Eastern Shore

For those who may be unfamiliar with the Eastern Shore, but still would like to fish, please contact Bob Shepherd. Bob will be glad to lead people to the fishing grounds (keeping in mind that different sized boats may have to take different paths to access the islands).

Tips: Peeler crabs and fresh cut bait (such as spot, croakers, whiting, bluefish, menhaden, etc.) are all good red drum baits. Black drum are frequently caught from the surf this time of year as well, so fishing with peeler crabs opens the opportunity to catch those as well. A half dozen peeler crabs can get an angler through the day when things are slow, but on a good bite, or when bait stealers are prevalent, it's not uncommon to burn through 1.5 dozen peelers per angler per day.

Bob's contact info:

Email: bshepherd@medivisuals.com

Cell: 804-241-0870 (sometimes inaccessible at Bob's Eastern Shore cottage)

Bob's Eastern Shore land line: 757-678-7847

Special Rules for this event: Since there are no line classes in surf division - all red drum will be entered in the weight division (largest fish wins). Any other species of fish caught in the surf will be entered based on points calculated by surf basic weights. One angler can win both weight and points divisions by entering 2 different fish. One angler can only enter two fish. Call in entries within 24 hours from the end of tournament to Angling Activities Chairman Lee Rothgeb at 804-314-2990 Garbakk1021@aol.com... You cannot change an entry once you have registered it with the Chairman. You do not need to fill out cards to turn in for the tournament, but do need a card if you want it to be registered as a club entry. Tournament First Place Awards for both weight and points = Anglers Choice: Traditional pewter cup, \$40 Green Top gift certificate or a VAC Banquet ticket.
