BACKLASH

*Commentary from the
Board of Directors
-By John Wetlaufer, Sr.*

Continuing the current program to find a meeting place that serves the needs of the Virginia Anglers Club for Board of Director's and Membership Meetings, the BOD met at Debbie's Kitchen on September 9th. The Board voted to hold the September Membership Meeting here to allow a greater number of VAC Members to try a meal here and check out the facilities for a possible venue that also offered beverage and food service before and during these meetings. Please try to come and let Bob Brown or any other member of the VAC Leadership Team what you think about Debbie's Kitchen as a place for the VAC to Meet.

Note that Staples Mill Road, Rt. 33 in Richmond becomes Mountain Road as it run north to Montpelier and beyond.

AUGUST PROGRAM – DID YOU MISS A GOOD ONE??

Yes, you did. Focusing on another "neighborhood" waters, Program Co-Chairman Art Conway put on an amply illustrated program about fishing Chickahominy Lake. Art shared a lot of information gained firsthand about terminal tackle to and where to use it on the Lake. There were numerous pictures of various rigs that Art has found productive on the Lake. He also did not hesitate to show exactly where to use them, using an annotated chart of the Lake as a background. Red arrows pointed out innumerable hot spots. Art's presentation was pure "How To", a type of presentation that we do not often see. Thanks, Art, for a very informative evening.

SEPTEMBER PROGRAM – JOHN PAGE WILLIAMS CHEESAPEAKE BAY FOUNDATION

Capt. John Paul Williams is a Senior Naturalist with the Chesapeake Bay Foundation. When John sends to us his topic and details of his program, an E-Cast containing those details will be issued. In the meantime, if you want to learn more about the Chesapeake Bay Foundation, please visit www.cbg.org. Here is a good summary of what the CBF is all about.

"The Chesapeake Bay Foundation and its members, more than 200,000 strong, are the strongest and most effective voice that exists for protecting and restoring the Bay and its rivers and streams. We work at local, state, and federal levels for effective laws and regulations that will reduce pollution, restore vital natural systems like oyster reefs, forests, and wetlands, and encourage smart growth in our communities."

OCTOBER PROGRAM – ATLANTIC STURGEON IN NEAR-BY WATERS

Former Virginia Anglers Club Member (Dr.) Matt Balazik will return and present a program about his work with the Atlantic Sturgeon. More details about his program will come in the October issue of The Angler.

See this month's "From The Tailgate" feature on page 5 issue of The Angler for a story about one of Matt's tagged sturgeon..

NEXT COUNTRY STORE OPENING – SEPTEMBER 23RD.

The Country Store will be open at the September 23rd Membership Meeting.

COUNTRY STORE NOW HAS THE FIRST EVER ILLUSTRATED CATALOG

CHECK OUT THE HEAVILY DISCOUNTED PRICES

Country Storekeepers Joe Sr. and Joe Jr. Lovasz have put together an illustrated catalog of all the items carried in the VAC Country Store. They have also completed a study of the current inventory and the Board approved their new pricing of each item. Please see page 8 of this issue of The Angler to view the new catalog. Also, take every advantage of the discounted prices shown below each picture.

OFFICER NOMINATION TIME IS COMING

The VAC Nominating Committee for 2015 leadership positions for the Virginia Anglers would like members to start thinking about VAC Members who would be good candidates for the Committee to consider for the 2015 slate of officers. Members can nominate other members or themselves for voted positions of Directors and Officers of the VAC or ask to be considered for appointment as Committee Chairman. Please pass you're nominations along to President Bob Brown (mrbbrownjr@comcast.net).

VAC ANGLING RULES COMMITTEE SEEKS MEMBERS' INPUT

The Angling Rules Committee will soon meet to consider any changes in angling rules, catches of species eligible for records and awards, basic weights for all FW and SW species, tackle divisions and line weights, tournament rules, etc. If any members see anything in the VAC Angling Rules as currently written that needs a change, please bring these items to the attention of Stuart Lee, Angling Rules Chairman (stulee37@gmail.com).

HAVE YOU ATTENDED OR TAKEN BOATING SAFETY CLASS?

The General Assembly passed legislation making it mandatory for operators on Virginia Waters of jet skis and motor boats powered by motors of 10 HP or greater to attend a Boating Safety Class sponsored by the DGIF or take an approved course on line. This requirement was phased in over the last few years and is at the point, as of July 1, 2014, that all operators of Personal Water Craft (jet skis) and that operators of age 45 years or younger of motorboats with motors 10 HP and over must have taken one of the Safe Boating Class options. After next July 1, 2015, the age ratchets up to 50 years and younger. After July 1, 2016, the class requirement applies to all operators of PWCs and Motor Boats powered by motors 10 HP or greater. For details of documentation that may be shown in lieu of taking a class, please see information at www.dgif.gov/boating.

There are classes available on line on the Internet that qualify as Boating Safety Classes. These classes are roughly four hours in length and may cost something around \$29.00 to take. These on-line classes do require the student to go thru the entire class and he/she cannot skip to the end and just take the class. Information on these on-line classes can be found at www.dgif.gov/boating.

VIRGINIA BEACH ANGLER'S CLUB 2ND ANNUAL FALL FISHING/BOATING FLEA MARKET OCTOBER 11, 2014

Remember, The Virginia Beach Angler's Club is sponsoring their 2nd Annual Fall Fishing/Boating Flea Market on October 11, 2014 at Capt. Max King's Marine, 3829 Shore Drive, Virginia Beach, VA 23445. Operating hours are 8:00 AM thru 3:00 PM.

Additional details are available from Larry Regula at 757-472-7183 or Bob Stuhlman at 757-374-7372, both members of the Virginia Beach Angler's Club.

“Catchy Comments”

By Billy Nicar

Cooler winds are blowing, and if some on the forecast predictions that I have seen come true we are all in for quite a cold, nasty, snowy, winter. This is an El Nino year. Now is the time to go get some fishing done! Just because the temperatures are cooling a bit doesn't mean that the fishing is. There are reports of big red drum near and around the CBBT, some speckled trout and puppy drum inland, and the spot should be about prime. Fresh-water fishing can only get better as well as the water temperatures cool. There were only a handful of catch entry cards submitted this past month, so dust off those rods and tackle boxes. It's time to go to work on some fish! I hope that the month of September treats everyone well, both on and off of the water.

All of the entries that I have received this past month belong to the Nolands. On August 6th, while trolling a ballyhoo on 50# tackle, Ryan Noland hooked into a giant wahoo weighing tipping the scales at 56 pounds. This wahoo is worth 151 points on the 50# general tackle used to catch it and earns Ryan the titles of “Heaviest”, “Highest Points”, and “Saltwater General Division” leader. On top of that, Ryan will receive a Trophy Fish Citation award from North Carolina for this fine fish. Great catch, Ryan! The very next day, on August 7th, Buddy Noland was casting a bucktail jig on 8# plug tackle when a 25 pound amberjack crashed the party. This 277 point amberjack will earn Buddy the titles of “Highest points” for the species and “Saltwater Plug Division” leader. You've got to love a wreck donkey! A few days later Buddy found himself hooked up again while fishing the Virginia Beach Billfish Tournament aboard the 52' Viking, “Contango”. This time he was tied into an Atlantic sailfish on 30# general tackle. Using the “release weight” of 50 pounds assigned to this species Buddy will earn 151 points for his catch. Not more than 40 minutes later Buddy was hooked up once again, but this time it was a white marlin that ate the trolled ballyhoo. The “release weight” assigned to a white marlin is 55 pounds, and when boated on 30# general tackle, Buddy's white marlin catch calculates to 148 points. Congrats on such fine catches this month, Buddy!

Please let me know if you have any fun, exciting, informational, or scary fish tales from your recent trips out. I would love to include them in future newsletters. Any recent fishing reports or conditions would be greatly appreciated as well. I can be contacted via phone, email, or text. My contact info is listed below. As always, tight lines and best fishes!

“REX”, THE ROAMING STURGEON, RETURNS TO THE JAMES RIVER

In June 2010, John (Sr.) and Johnny (Jr.) Wetlaufer made a donation to VCU’s Rice Center and designated the donation to the support of the work with the Atlantic Sturgeon being led by Member Matt Balazik. Their donation entitled them to have a tagged Atlantic Sturgeon named by them. The name picked was Johnny’s family dog, a Shepherd – Doberman mix (actually all bark and very little bite) named “Rex”. Rex was with Johnny on the river Sept 6, 2010 and they had pulled alongside Matt to talk. Matt had just caught and tagged a sturgeon with a prop injury on his gill plate. Matt asked Johnny if he wanted to adopt that fish, since he witnessed its catch. Hence, Rex was the moniker put on an Atlantic Sturgeon that Matt caught and tagged. Rex left the Richmond Area by swimming on down the James and out into the expenses of the Western Atlantic Ocean.

The next time Rex “checked in” was up in Connecticut in June and July of 2011 while swimming in the Connecticut River. Other than this sighting, nothing was heard of from Rex for three years.

This August, a couple of days before the 28th, Matt was checking his nets around the Ghost Fleet. Guess what? Yep, there was the long absent Rex waiting for Matt’s welcoming hug. Matt recognized Rex by a deformity on one of his gill plates. Some of the Atlantic Sturgeons sponsored by generous donations by VAC members have come back annually to the Richmond Area. However, Rex holds the longest known distance record.

If any other Atlantic Sturgeon that has been named by a VAC member is confirmed to have travelled to a more distant spot than Rex, the Wetlaufers will donate to the work of Matt in the name of the sponsor of that further roaming sturgeon, who can, in turn, name another Atlantic Sturgeon. In 2011, the Wetlaufers made a second donation to Matt’s work.

Somewhere out there cousins “Frick” and “Frack” are hopefully enjoying the good life.

To make a donation to Matt’s work thru the VCU Rice Center, here is what you need to do. For each increment of \$100, Matt will bestow the name of your choosing on one of his Atlantic Sturgeon friends.

DONATION PROCEDURE REMINDER – VCU RICE CENTER

The procedure to use when donating to the VCU Rice Center is very straight forward. Make out a check to VCU Rice Center. Send the check along with whatever note you may want to include to:

Catherine Dahl
Director of Special Projects and Development VCU Life Sciences
1000 West Cary Street Room 102
Richmond, VA 23284-2030

On the Memo line, please write: Atlantic Sturgeon Research – Virginia Anglers Club

This notation will get the donation headed to Matt and also included in a special accounting being kept by Catherine of donations from VAC Members and friends
