The Tournament Schedule for the 2015 Angling Year is being finalized. Participation in the 2014 tournaments is being considered in making up the 2015 schedule. EARLY SCALE CERTIFICATION AVAILABLE

VAC Weighmasters Ryan and Danny Noland and Larry Allen want to reduce the number of scales they have to certify at the February Membership Meeting. They are willing to do special certifications for multiple scales early.

If you and a couple of fellow Anglers can gather your scales together and come up with a group of scales for early certification, then please contact Ryan. Let Ryan know how many scales you have ready to certify. Ryan will work out with you to set up a convenient place and time for your early certifications.

Please remember to be sure your scales are in working order and the barrels are oil free so the certification stickers will adhere.

Contact Ryan at: (804)-658-1955 (H) (894)-896-4178) or ryan.n.noland@usa.dupont.com

Please help Ryan, Danny and Larry if you can.

THE E-CARD – EASY TO USE, AUTOMATIC DATABASE ENTRY

The new E-Card (electronic entry card) is now available (and preferred) for use in the Members Area of the VAC Website

www.virginiaangersclub.org

The E-Card is user friendly with a combination of user entered data and user selected data from drop down menus. Catch entries via E-Card insure immediate delivery to the Angling Rules Statistician (ARS) vs. depending on delivery to and forwarding manually to the ARS via the Clubs P.O. Box. Your E-Card automatically is registered as “Pending” until the ARS makes the official entry of the data on the card into the catch database. The “Pending” notation is removed upon official entry.

To access a blank E-Card, enter the Member’s Area and select “submit an E-Card entry”.

The blank E-Card comes up on the screen with the angler’s name as it appears in the catch database, assuring prompt and accurate credit for the catch. You will need to enter items like weight (lbs. and oz., please), date and time of catch and scale number.

The rest of the data is selected and entered from drop down menus. The contents of the drop down menus are linked to the Angling Rules and recognized species in the catch database. The use of drop down menus minimizes errors in data entry.

For consideration for the Angler of The Month Award, a printed down hard copy of the E-Card or a hand written copy of the entry card is required and still must be presented in person at that month’s Membership Meeting.

The E-Card can be accessed by iPhone or similar device as well as any lap top or PC. The iPhone access is handy because catches can be entered just after the catch is released or goes on ice for later consumption.

With the activation of the E-Card on December 1 (start of the 2015 Angling Year), the E-Card is the preferred way to enter a catch for credit.

If you have questions with the E-Card system, please contact Angling Rules Chairman Stuart Lee (stulee37@gmail.com) or Webmaster Johnny Wetlaufer (Johnny@wetlaufer.com) who both collaborated to bring this new E-Card system to the VAC website.

THE POINTS CALCULATOR – CALCULATE WHILE YOU FISH

Webmaster Johnny Wetlaufer has posted a new Points Calculator in the “Members Area” of the VAC Website. Some Members have already found this new piece of handy software. The Points Calculator allows members to calculate the points for any actual catch or any made-up data entered. If any of the data does not comply with the VAC Angling Rules or cover a species the VAC recognizes, the calculator will so note.

The Points Calculator is easy to use. Species, line weight and division into which the entry is to be made are selected from drop down menus. Only the catch weight in pounds and ounces needs to be typed in. Hit “CALCULATE” and the points are automatically presented; an erroneous entry is also noted.

If you carry an iPhone or similar device that allows you to connect to the internet and hence to the VAC Website, you can calculate the points for a fish just caught and weighed, even before it is released or consigned to the frying pan. While you have the VAC Website in the palm of your hand, why not check to see if you have caught a New Club Record or a new leader in the Lunker Club.

TOURNAMENT NEWS

**VIRGINIA / NORTH CAROLINA STRIPED BASS TOURNAMENT
DECEMBER 13TH THRU 31ST (NO BLOW DATE)**

The first and longest tournament of the VAC 2015 Angling Year is now started. If the weather holds, there are plenty of day to fish. When you select tournament entry on an E-Card (electronic entry card) Parks Rountrey automatically gets a copy, so your entry is included in the Striper Tournament. If you submit an E-Card at the time of your catch, you won't have to worry about the 24 hour window starting 12-31-14 to get your entry counted in the Striper Tournament. Phone calls will still be accepted too.

This tournament will be at peak time for big winter Rockfish. Drifting live baits or conventional trolling are preferred methods for the heaviest fish. For light tackle points - various soft plastic baits are effective on light spinning and plug gear. Fly fishing is also productive when you can find fish near the surface. A number of club members like to fish Cape Charles and CBBT areas this time of year, but you can fish any Virginia or North Carolina salt waters. Remember - this is our first tournament for the new angling year - so be sure to plan on fishing.

Need Crew? Consider introducing a New Member to striper fishing. The offer will be really be appreciated and the day spent together might even start a new friendship.

Two ways to win! We will recognize three places for heaviest weight fish and three places for highest point fish.

First = 3 pts. Second = 2 pts. Third = 1 pt. These points will apply towards the annual Salt Water Tournament Angler of the Year competition. Two fish can be entered per angler. A fish can be entered by weight or points (angler must declare which category) but not both ways for 1 fish.

If you do not make a tournament entry with an E-Card, please call Parks Rountrey at H- 804-789-9775 C- 804-349-6001. E-Card entry takes care of everything for a tournament entry. Parks is also available at prountrey@comcast.net. Entries, no matter how entered, must be reported within 24 hours of the end of the tournament.
